

CITY OF SAN MATEO

Construction and Demolition (C&D) Projects - Recycling and Waste Reduction Plan

Check one:  Demolition  New Construction  Alteration (Addition/Remodel/Tenant Improvement)

Project Site Address: 353 N. Clement Permit # 225218

Project Contact: BO THORENFELDT Valuation: \$ 50,000.00

Phone: 650-333-0594 Square Footage Altered: 0

Estimated Start Date: 1-16-07 Square Footage Added: 1114 sq

- Briefly describe the project: New second unit and New 2 car garage
- What vehicle type will be used to haul materials? Circle all that apply: Debris box trailer, dump truck, pick-up truck
- List any deconstruction, salvage or on-site reuse of materials (i.e. - cabinets/windows/fixtures, on-site grinding): NOAF

Deposit Calculation - Select ONE Only

Alteration, Addition or Tenant Improvement (\$50,000+): Valuation: \$ 50,000.00 x 3% = \$ 1,500.00  
 (\$1,000 minimum, \$10,000 maximum for residential alteration, \$30,000 maximum for commercial alteration/tenant improvement)

(OR) Demolition of Entire Building or Interior Office Space: Square feet: \_\_\_\_\_ x \$1.00 = \$ \_\_\_\_\_  
 (\$1,000 minimum, \$10,000 maximum for residential alteration, \$30,000 maximum for commercial alteration/tenant improvement)

(OR) New Construction of Entire Building: Valuation: \$ 17,500.00 x 3% = \$ 525.00  
 (\$1,000 minimum, \$10,000 maximum for residential alteration, \$30,000 maximum for commercial alteration/tenant improvement)

Common Materials in Additions/Remodels/Tenant Improvements

Type of Material	Quantity (Cu. Yds)	Quantity (Tons)	Recycled (Tons)	Disposed (Tons)	Material Diversion Rate (%)	Disposal or Recycling Facility Used (example: ABC debris box to XYZ recycling facility)
Mixed C&D	<u>30</u>	<u>7.5</u>	<u>6.9</u>	<u>1.1</u>	<u>85%</u>	<u>Local Rec. (incl recycle bin)</u>
Concrete	<u>0</u>					
Dirt	<u>0</u>					
Salvage/Reuse						

List Other Materials Here ONLY if Taken in Separated Loads (Not in Mixed C&D Above)

Asphalt only load						
Brick only load						
Wood only load						
Roofing only load						
Metals only load						
Greenwaste only load						
Sheet Rock only load						

Waste Generation/Diversion Summary

Column Totals		<u>6.4</u>	<u>1.1</u>	<u>7.5</u>	
Overall Diversion Rate (%)				<u>85%</u>	

\*For all projects, at least 25% of diverted material shall come from waste that excludes soil, concrete, asphalt and other non-structural debris.
